Module Nos. 55/60/88/92

Model: F-200C, 55QS-24B, 60QR-22B, 88CS-37B, 92QR-27B, etc.

[Stopwatch]

Stopwatch mode indicator

Minute Second
1/100th of a second

Press \( \textcircled{\text{C}} \), Press \( \textcircled{\text{D}} \).

[Time display]

PM (lit) or AM (not lit)

Hour Minute

Light Button

Press \( \textcircled{\text{D}} \).

(Auto-return)

Second

Button: Pressed with a pointed object such as a pen or pencil.

[Calendar display]

Day of week
Month Date

Regular timekeeping returns when the \( \textcircled{\text{C}} \) button is pressed after using the stopwatch. However, the stopwatch mode works independently.

[Operating the stopwatch]

(a) Net time measurement

[Start]

Press \( \textcircled{\text{C}} \) to start.

[Stop]

Press \( \textcircled{\text{D}} \) to stop.

[Re-start]

Press \( \textcircled{\text{E}} \) to re-start.

[Stop]

Press \( \textcircled{\text{F}} \) to stop.

[Reset]

Press \( \textcircled{\text{G}} \) to reset.

(b) Lap time measurement

[Start]

Press \( \textcircled{\text{H}} \) to start.

[Lap]

Press \( \textcircled{\text{I}} \) to take lap time.

[Lap release]

Press \( \textcircled{\text{J}} \) to release lap time.

[Stop]

Press \( \textcircled{\text{K}} \) to stop.

[Reset]

Press \( \textcircled{\text{L}} \) to reset.

(c) 1st—2nd place times

[Start]

Press \( \textcircled{\text{M}} \) to start.

[Lap]

Press \( \textcircled{\text{N}} \) when the first runner finishes.

[Lap release]

Press \( \textcircled{\text{O}} \) when the second runner finishes.

[Stop (lit or not lit)]

Record the time of the first runner and press \( \textcircled{\text{P}} \).

[Reset]

Record the time of the second runner and press \( \textcircled{\text{Q}} \).

[Independent correction] Correction of any digit, if not required, can be skipped by pressing the \( \textcircled{\text{C}} \) button repeatedly.

[Reversion to normal time display] The watch reverts to the normal time display if the \( \textcircled{\text{A}} \) button is pressed, regardless of the digit setting mode.

[Automatic digit advance] When the \( \textcircled{\text{B}} \) button is kept depressed for more than two seconds, the digit advances automatically. When released, the digit advance will stop.
